Profiles

Tim O'Hare

Tim is the principal consultant of Tim O'Hare Associates, a leading independent soil and landscape science practice. He has been a Soil Scientist for over 20 years, working predominantly in the commercial landscape, construction and sports agronomy sectors, and covering anything from domestic garden projects to colliery restoration schemes to major construction developments.

Tim is a Member of the Institute of Professional Soil Scientists, the British Institute of Agricultural Consultants and the Science Council. In 2019 he was awarded an Honorary Fellowship by The Kew Guild (Association of Alumni of the Royal Botanic Gardens Kew) for his "outstanding contribution to the environment".

Tim has written numerous papers and articles on soil specification and management, topsoil quality and the fundamentals of tree pit design.

He has worked on a wide variety of assignments throughout the UK and internationally. Tim and his team were the appointed Soil Scientists for pre- and post- games at the London Olympic Park and Athletes' Village, and were responsible for specifying, sourcing, testing, monitoring and signing off all landscape soils (250,000m³) throughout the park.

Other projects have included: Battersea Power Station, Kings Cross Regeneration, Terminal 5 Heathrow, British Sugar Topsoil, Jubilee Park (Canary Wharf), Jubilee Gardens (South Bank, London), A3 Hindhead By-Pass (Surrey), Chavasse Park (Liverpool), Education City (Qatar), Westergasfabriek (Netherlands), Commonwealth Park (Gibraltar).
