SITE VISIT & CONSULTATION

The best time to plant a tree was 20 years ago,
the next best time is now"

Chinese Proverb

Lets thinks about this proverb for a moment, there is a lot of truth and sentiment in this statement. The next time you walk through a beautiful woodland, forest, park or a garden just ask yourself, How old are these tree? And who planted them?

Imagine many years from now, future generations walking through a new woodland, a park or a garden enriched with beautiful mature trees planted by you, could that person be asking themselves the same question?

What would the answer be this time!

Leave a Legacy not a Footprint

TREES ARE THE BACKBONE TO ANY GOOD LANDSCAPING DESIGN

Choosing the right tree can be quite a daunting process, there are so many different species and cultivars available on the market these days. We completely understand this **prospect** after all planting trees is a lifetime investment. Whether you are looking for screening trees for privacy, avenue or parkland trees, fruit trees for an orchard or just a single specimen for a garden or special occasion, maybe a birth, a marriage or as a memorial tree for a loved one. Here at Barcham Trees would be delighted to help you find your perfect trees.

The key to a happy and healthy tree is making sure you have selected the correct species from the very beginning. The right tree for the right place.

Here at Barcham Trees we offer a Site Visit & Consultation Service specifically designed to cater for your tree planting needs. Our service is friendly and personal to you, we will visit your property by appointment, discuss your specifications and wishes, assess the site conditions, your soil type and all relevant aspects of the proposed planting area in detail. Once all the information is collated, a detailed and informative site plan is produced for you, plotting and siting your trees as accurately as possible for your consideration. Together with a formal quotation for the recommended tree species for your planting project.

Our promise to you is that we will provide you with the best advice, knowledge and expertise, you will be involved every step of the way throughout the whole process.

Giving you a fulfilling and engaging experience from conception to realisation.

TRANSFORMATION YOUR SURROUNDINGS

Small changes can make big differences

From screening with Pleached Trees for seclusion and privacy to overhaul a field to create your own Arboretum.

Trees enhance and benefit the natural world, the environment, a sustained ecological balance.
Trees are proven to positively impact human health and wellbeing.
